

Understanding ACEs: Building Self-Healing Communities

Understand how ACEs impact you and society:

- Adverse Childhood Experiences (ACEs) are the most powerful determinant of the public's health.
- ACEs are common – in fact, they are widespread – but they don't have to define your future or potential.
- Education and prevention are essential to creating a healthier society for generations to come.
- Regardless of your own ACEs score, other people's trauma affects you. **Help stop the cycle.**

When:

Wednesday,
June 12, 2019
12:00 pm - 1:00 pm

Where:

Rapid City
Public Library
Community Room
610 Quincy St.
Rapid City, SD
