

Understanding ACEs: Building Self-Healing Communities

Understand how ACEs impact you and society:

- Adverse Childhood Experiences (ACEs) are the most powerful determinant of the public's health.
- ACEs are common – in fact, they are widespread – but they don't have to define your future or potential.
- Education and prevention are essential to creating a healthier society for generations to come.
- Regardless of your own ACEs score, other people's trauma affects you. **Help stop the cycle.**

When:

Saturday,
September 7
&
September 14
9:00 am - 11:00 am

Where:

Life Church
501 N Elmwood Ave.
Sioux Falls, SD
