ENOUGH CHILD SEXUAL ABUSE Free Community Training Series

You are invited to attend free training sessions offered via Zoom.

It's up to all of us to help end child sexual abuse.

According to the American Medical Association, it's a silent epidemic. This series provide information to parents, professionals and other concerned adults to prevent people from victimizing children.

PLEASE NOTE: Due to the graphic nature of the topic, it is recommended that children are not present for these training sessions.
